Announcements on Street Railway Cars.
When the substitute for house bill No. 94, concerning the protection of the traveling public against drunkenness and other annoyances on trolley and street railway cars, was taken from the calendar for action, Mr. Chandler of Rocky Hill, chairman of the committee on railroads, yielded the floor to Mr. Bishop of New Haven, who desired to offer amendments. The amendments as offered fixed a maximum penalty and would have the measure take effect on its passage.

Mr. Chandler offered no objection. Mr. Scott of Plymouth said that while he had no objection to the amendments relating to penalty, he would oppose that which would have the bill take effect on its passage.

Mr. D'Esopo of Hartford called attention to what he believed to be a defect in the bill in that it clothed conductors of trolley cars with powers of peace officers at all times. He thought

a clause should be inserted limiting that power to the time when they were on duty.

Mr. Chandler moved to reconsider, saying he desired to recommit the bill. That action was taken.

To Fill Vacancy.
Mr. Broughton of Stonington introduced a resolution appointing Lorenzo D. Fairbrother deputy judge of the town court of Stonington for two years after the first Monday of May, to fill the vacancy caused by the death of Eben P. Couch, who has heretofore been appointed.

The house concurred with the senate in rejecting a bill incorporating a street railway in Groton.

It passed in concurrence a resolution appointing W. S. Downs judge of the city court of Derby and A. H. Kelly deputy judge.

These resolutions were rejected; appointing H. W. Rathbun judge of the town court of Stonington; appointing E. M. Yeomans auditor of public accounts; appointing E. L. Averill deputy judge of the borough court of Wallingford; changing the name of Royal Novitzky; amending an act regarding evening schools.

Passed—Substitute resolution authorizing the New London Northern railroad to issue bonds.

Recommitted to Committee on Public Health and Safety—Bill concerning lavatories in connection with public schools. It was stated that the committee had discovered a slight error in it.

Adjournment.
The house adjourned at 12:50 to meet on Tuesday at 11:30.

NO INSTALLATION.
Rev. Morgan Millar, However, Will Remain with Olivet Congregational Church.

Rev. Morgan Millar, pastor of the Olivet Congregational church, Bridgeport, gave his answer to the congregation Sunday morning in response to their expressed wish that he become installed.

He said he would remain indefinitely but would not be installed. When the church found that he had done them all the good he could, he would ask for a month's notice and would leave them; and when he found that they no longer rallied to his standard of practical Christianity he should give them a month's notice and leave.

BRISTOL FOUNDRY

Has Rounded Out Thirty Years of Successful Business Existence.

It is thirty years this spring since the Sessions Foundry company, now one of the largest industries of Bristol, started business in a very modest way on Laurel street. In commemoration of the anniversary the company has had printed a book giving a history of the plant and of the progress it has made in the commercial world since its start. The book was issued on Saturday and is a handsome souvenir of the great plant as well as a history, told by an outsider, of the success that has been attained by the company. In the book is a double-page picture of the plant and also a fine cut of William E. Sessions, to whom the business and industry of the success of the enterprise is due.

The foundry was started in the spring of 1879, when W. E. Sessions and his father, John Hunter Sessions, bought out a small foundry plant on Laurel street. The concern prospered from the first and in 1895 they moved into their big modern plant in the north portion of the town. The book says that in ordinarily good times the company furnishes employment to 600 men and gives a list of the sort of work the company does.

Japan is now competing actively with the United States and Great Britain for Chinese trade in pianos, piano players and organs.

COLLEGE MEN'S CONFERENCE

To Be Held in Hartford Early Next Month.

The annual college men's conference on the Christian ministry will be held at the Hartford theological seminary April 2 to 4. This conference is an outgrowth of the movement started in 1904 by the Yale divinity school, the Union and Hartford theological seminaries, when it was voted to hold yearly conferences at each of the three seminaries in turn. Eastern college men are always invited to attend these meetings. Five of these conferences have been held, with the attendance from colleges and seminaries varying from 50 to 150, and with addresses from speakers of all Protestant evangelical denominations. The object of these conferences is to interest college men in the ministry and it is said that the influence of the meeting has been very marked.

The conference met in Hartford three years ago and was addressed by such men as President Woodrow Wilson of Princeton university, Dr. Kingsolving, Professor W. Adams Brown and many other well known college and theological men. The programme this year includes Bishop Chauncey B. Brewster, Dr. Charles H. Parkhurst, and John H. Finley. The following is the official schedule with list of speakers:

Sunday evening, 8 o'clock—Intellectual Preparation for the Ministry, President of the conference, Dr. Charles H. Parkhurst. Spiritual Preparation for the Ministry, Prof. P. M. Rittelmaier.

AUTO SPEEDING
To Be Stopped by the Townspeople of Fairfield.

Automobilists who attempt to run through Fairfield at a high rate of speed in the future are liable to find themselves in trouble, since the selectmen have been instructed to arrest all reckless drivers. This action was taken at the special town meeting Saturday night, and was brought about by the accident by which A. W. Wallace lost his life Thursday morning.

The people of Fairfield are thoroughly aroused over the fact that their highways, which they keep in such good condition, are used as speed tracks by reckless automobile drivers and will put a stop to this practice, if possible.

BIBLE TEACHING

According to a Novel Method at New Britain.

The children of the Junior Endeavor society, Stanley Memorial church, New Britain, are learning the divisions and books of the Bible in a way both novel and interesting. Little books are made, using the cutting paper in rainbow colors according to each division, five red books, for books of early history, twelve orange books, for later history, five yellow books, for the prophets, and so on. The pages are of white paper, taken from 2-cent pads; the writing is necessarily brief, but gives a general knowledge of each book. The small books are then pasted on larger leaves

—one leaf representing each division. Miss Isabelle Stanley, the superintendent, is directing the work.

BIRD JEALOUSY

Shown Among Pets of Reynolds Bridge Woman.

A woman at Reynolds Bridge has brought some prominence to herself by her affection for song birds. Her kindness is reciprocated by her little family of various colors. She is so thoroughly adapted to winning their confidence that they will come at her call and eat from her hand and even sit upon her shoulder. Occasionally one goes into the house; no member of the family can catch it, but the lady by her bird talk is allowed to pick it up. These birds are so jealous of their

mistress that they even guard her when dogs or any strange thing are about the place. They fly about her and make as much noise as they can. These pets are among the choicest of the home of this lady.

Marrying the Divorced.

Winsted, March 15.—At the meeting of the Torrington-Winsted Ministers' club, held at the Young Men's Christian association building the other day, Revs. E. W. Snow, G. W. Judson and F. D. Elmer were appointed a committee to draft an agreement regarding the marrying of divorced persons to which all the pastors might subscribe.

Among the Paris buildings soon to be demolished is the Castle of Etolles, on the Seine. It was the favorite domicile of Louis XIV.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless: **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food: **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is

unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Lester, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seelye, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
